How to Fix It

It appears you aren't in the same organization as the recipient or your email address isn't on their allowed senders list. Contact the person you're sending your message to (by phone, for example) and tell them to ask their email admin to change the settings on their mailbox so it will accept messages from you.

More Info for Email Admins

Status code: 550 5.7.134

This error occurs when the recipient (an Office 365 mailbox) is configured to accept messages only from authenticated senders (senders in the same organization or those added to the recipient's allowed senders list).

To fix the issue, the recipient's email admin must add the sender's email address to the mailbox's allowed senders list, or they must turn off the mailbox's message delivery restrictions setting that requires that all senders to it are authenticated.

This issue can only be fixed by the recipient's email admin.

For more information and steps to fix this issue, see [Fix email delivery issues for error code 5.7.134 in Office 365.](#)
